

VERVE Care & Cleaning Guide

Prompt cleaning is always recommended.

Recommended cleaning steps are listed by type of stain. For best results follow cleaning steps in order.

| | |
|---|--|
| <p>Regular Cleaning and Maintenance Clean the soiled area with mild soap and water, then rinse with fresh water and wipe dry with a clean cloth.</p> | <p>Dirt Dust Grime</p> |
| <p>Food Stains / Oils Wipe affected area with a soft cloth or soft bristle brush using a non-abrasive cleaner, for example Formula 409 or Fantastik. Rinse with fresh water and wipe dry.</p> | <p>Ketchup Chocolate Coffee Tea Juice</p> |
| <p>Healthcare Clean the soiled area with a 20% solution of Household Bleach and water. Rinse the cleaned area with fresh water after applying the bleach solution and wipe dry.</p> | <p>Blood Urine Betadine Disinfectant</p> |
| <p>Difficult Stains Clean the soiled area with 50% solution of Isopropyl Alcohol (Rubbing Alcohol) and water. Rinse the cleaned area with fresh water after applying the alcohol solution (bleach solution).</p> | <p>Eye shadow / Mascara Lipstick Crayon Grease Mustard</p> |
| <p>Ink Stains Rub the marked area with Undiluted Isopropyl Alcohol (Rubbing Alcohol). Rinse the cleaned area with fresh water promptly after applying the alcohol. NOTE: It is not guaranteed that ink stains can be removed. To achieve the best results, it is recommended to clean the stain immediately.</p> | <p>Ballpoint Pen Permanent Marker Paint</p> |

NOTE:

- o **If water or a cleaning agent is left to sit on this material, it may leave a white residue.** It is important to wipe the material dry immediately after cleaning. In the case of any residue, it can be wiped off with a damp cloth.

The information in this cleaning guide refers to performance in specific tests conducted under laboratory conditions. This information is not a guarantee and does not relieve the user from the responsibility of the proper and safe use of the product and referenced cleaning agents.
